## **RESPONSE TO AMENDMENT**

1. Claims 1-25 are pending in the application, claims 21-25 are withdrawn from consideration.
2. Amendments to the claims, filed on April 5, 2006, have been entered in the above-identified application.

## ***REJECTIONS***

3. **The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.**

## ***Claim Rejections - 35 USC § 103***

4. The 35 U.S.C. §103 rejection of claims 1-20 over Ferrell (U.S. Patent No. 4,262,581) in view of Ramirez (U.S. Patent No. 6,214,392) and Walters et al. (U.S. Patent No. 4,501,780), is repeated for reasons previously made of record in the office action mailed November 3, 2005, pages 2-5, paragraph #5.

## ***ANSWERS TO APPLICANT'S ARGUMENTS***

5. Applicant's arguments in the response filed April 5, 2006 regarding the previous rejection of record have been carefully considered but are deemed unpersuasive.

Art Unit: 1772

Applicant argues that it is clear that figure 10 of Ferrel are not two bags “joined along their respective lengths” and also do not have “... an end seal extending across both the first bag and the second bag.

The examiner disagrees with this interpretation of Ferrel. As can be seen in figures 9 and 10 of Ferrel the two bags are joined along reference #75 and are sealed across both the first bag and the second bag reference #74.

Applicant further argues that bags 73 are devoid of side seals running their respective length. Specifically, that fasteners are not “side seals”.

The examiner disagrees that the fasteners are not side seals. Fasteners are just another type/way of sealing.

Applicant further states that the tear seals appear to be the only heat seals. It is noted that claim one does not require heat-seals. Furthermore, that would be a method limitation.

### ***Conclusion***

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event,

Art Unit: 1772

however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
